ENOUGH IS PLENTY

Mr. Peter Veregin says representations are to be made to the Dominion Government to allow a "certain number" of his constituents to migrate from Russia to Canada.

Premier Tolmie meantime has already made representations at Ottawa asking that the Dominion pay part of the expense of making arrangements for those who are already in Canada obey the law of the land and conform more or less to the usages and conventions obtaining here.

Red Russia and Canada seem to have at least one thing in common. In neither country do the Bolsheviks appear to be either the most popular or the most popular. Even Premier Bennett might bring himself to agree with Stain on one point—that there is such a thing as having a surplus of responsibilities of the Dominion.

So far as the Canadian public are concerned there will be a general hope that the new migration from Russia may be accomplished speedily, smoothly, and with complete satisfaction. The Dominion government, however, it can be seen, or some other sufficiently remote part of the world.

LESS WHEAT BEING SOWN

Alberta farmers, it is estimated, are sowing 4,800,000 acres to wheat this year. That is about two-thirds the wheat acreage of the province last year. While there are reasons for this, the Saskatchewan and Manitoba, in neither of those provinces has the acreage been cut down as large a proportion as in Alberta.

There is nothing in these figures to suggest that the Western farmer has been impressed by the advice so freely tendered him that the way to get rid of the wheat surplus and boost the price was to grow less wheat this year. A drop of less than one-third in the wheat acreage does not indicate any earnest attempt to marginalize the market by that desperate means.

A good many farmers who are in position to do so, have no doubt seen in the present situation an opportunity to summer-fallow more than the usual amount of land, and thus get rid of weeds by sacrificing a crop in a season when the returns do not promise to be large enough to make up the difference. This in itself may account for a considerable part of the shrinkage in area.

The heavier rotation in wheat acreage, however, also reflects the shift toward mixed farming in the central and northern parts of this province. It is noted that a larger acreage than last year is being set aside this year for coarse grains in this province, and that the Alberta farmer, in a good many places, plans to grow more feed; which in turn means that he intends to raise more cattle and hogs.

REFUNDING THE WAR DEBT

Canada's war bonds are falling due. Within the next three and a half years a total of more than a billion dollars of wartime commitments will have run their course.

These obligations are to be met by a refunding scheme. The war bonds will be issued to the public for further periods of from 15 to 20 years. Holders of the war-time issues are now being invited to make application to exchange these for the new securities. Applications may be made at any bank or through bond dealers and stockbrokers. The exchange will be made without cost to the bondholders. While the new bonds will draw a reduced rate of interest, holders of the old bonds will receive the same rate due on these until the date of maturity.

Applications are now being invited up to a total of \$250,000,000, though the amount may be increased or reduced at the discretion of the Minister. Should the plan prove attractive to the holders of the war bonds, the conversion operation will probably continue until the whole of those issues have been replaced by them.

No new capital is being raised by this issue. The national debt will not be increased thereby. The scheme is simply to replace the maturing securities with new ones, at prevailing valuations. No fresh demand is made upon the working

capital of the country, as would be done if it were sought to pay off the maturing bonds in cash derived by taxation. By this method of loan issue there is thus avoided the placing of any added strain upon the financial resources of the public in an unfavorable season.

The new bonds will bear interest at the rate of 4½ per cent. The maturing bonds bear interest at the rate of 5 and 5½ per cent. The rate is considered by investment bankers to make the issue a very attractive one in view of the present financial situation and the prospect for long time issue of government securities. The intention is to have the new bonds go a long way to cover the extra expenses to which the Government has been put to meet the unemployment situation and offset the fall in revenue incident to the slowing up of trade.

The conversion loan thus looks like a good thing, alike from the standpoint of the bond-holder and the public. The former is offered as good an investment as he could expect to make in present prospective conditions, while the public finances will be eased by the reduction from the war-time rate of interest.

Tuesday Reception Will Honor Musical Festival Adjudicators

Affairs Planned for Visiting Choirs Next Week—Lieutenant-Governor and Mayor Present Prizes

EDMONTON will be very busy and very gay next week, with large numbers of music lovers and musicians in town for the local musical festival, and many delegates arriving to attend the Provincial meeting of the Women's Institute, both of which open on Tuesday.

The festival will be held in the festival this year, with a large number of entries in practically every class. Excitement runs high in the public schools, with 123 school choirs entered.

Probably the most interesting social event of the week will be the reception in La Verendrye Club in honor of the adjudicators. Mr. Arthur Collingwood, who is being accompanied by his wife, will be present at the festival held after Tuesday evening's program, in La Verendrye Club at about half past nine. Invitations to the musiciants are still receiving invitations from the festival committee to attend.

It is expected that on Tuesday evening there will be a formal way for the young choir from Miramichi, possibly a luncheon or a dinner, to entertain the adjudicators. Final plans to entertain the Ladies' Choir from Fredericton are still being made, but the evening's program. Final arrangements for these affairs were made yesterday.

On Thursday evening His Honour the Lieutenant Governor will present prizes to the adjudicators. The Mayor will give awards.

Here's Sanitary Protection that really fits, really protects

Kotex is specially designed to fit inconspicuously; and it is so soft and comfortable besides.

You know what a relief it is to feel entirely free of self-consciousness at times when sanitary protection is necessary. To feel well-groomed, comfortable.

That's the feeling Kotex gives you. Kotex, with its skilful shaping; its rounded corners; its soft filer. And it is so easy to dispose of!

Why Kotex is so Absorbent

It is amazingly absorbent, you know. And there is a special reason for that. You see, it is made of fold upon fold of a sanitary tissue, and each of these delicate layers is a thick, complete absorber in itself.

Kotex absorbs laterally, nor in one concentrated area, but *away from the seat*. That is why it stays comfortable so much

MODERN WISDOM SAYS KOTEX

1. Note—Secure—keep your body clean.
2. Dependable, completely sanitary.
3. Rounded and tapered shape—gives complete protection.
4. Non-absorbent—does not equal efficiency.

longer than the ordinary sanitary pad.

Try Kotex yourself. Enjoy the same care scrupulous mothers give their patients. Nothing else is like Kotex. Be safe. Specify "Kotex" when you order sanitary pads. Kotex Company of Canada, Limited, Toronto, Ont.

New Incinerator Will Be Located in Old Brickyard on Gallagher Flats

RIVER BANK IS NOT SAFE SAYS HADDOCK

Three Plants May Be Needed by City Eventually He Reports

Permitting an amateur engineer to report that the river bank in the area immediately east of the power house is selected as the site for a new incinerator by a substantial majority approved of a motion by Alderman Keller that the new building be located in the Pete Anderson brickyard at Gallagher Flats.

This followed a report and recommendations of the city engineers and Commissioners.

The Engineers stated that the head current of the shore line of the river adjacent to the Grierson plant was too strong to be safe.

The records showed that there was a distinct movement of the river bank during the winter months, and thus, made over a period of years, permitted the water to eat away at the banks.

But the commissioners' report

had also caused the area to slide. This evidence caused him to report that a heavy smoke stack on such a bank would be dangerous.

In regard to the alternative sites east of the power plant and in the brickyard, the engineer said he had gone carefully into all the factors and had come to the conclusion that gave his decision in favor of the brickyard location. The engineer said that the brickyard was being more secluded than the other.

What sometimes goes on behind office doors gives rise to much speculation.

This picture raises the question of what should her husband's secretary do?

Here is shown the confidante of one of the most prominent business men, who believes that he should have the secretaries of his wife and his wife's both good-looking and capable, and the woman who feels that she should be allowed to include the selection of a helper for her husband's secretary.

This picture raises the question of whether a double poison death in a Chicago home is the work of J. H. Hartung, 32, of Dayton, O., killed by his wife, Kathleen Garrison, 28, of Kalamazoo, Mich., by serving poison whisky after he had decided to leave her and

Robert Ames and other favorites are shown.

A Paramount News and another short round out the photo.

AT THE EMPRESS

A gripping, thrilling drama opened at the Empress theatre on Monday, May 11, with "The Love Trap." It's a talkie that will cause much discussion.

What sometimes goes on behind office doors gives rise to much specula-

tion.

"The Love Trap" is the story of a man, who, having been to see his wife, has sold her to another.

Alderman Shepard moved the adoption of the report.

He said that to his mind the matter of transportation was the most important point in the amendment he put forward.

The amendment was defeated and the motion carried, Alderman Keller voting again.

Improvements In West End Argued

Delegations both for and against the proposed improvements at 123rd street, between 11th and 11th ave., were shown at the Capitol on Monday night and stated their views. Those asking for the improvements, which have been submitted to the commission, have submitted a petition to support the discussion, to a considerable extent, as to whether the petition was justified.

The incision of council to refer to the commission, who are to ascertain whether the petition is sufficiently signed or not, has been delayed.

Those arguing that graveling caused a number of accidents, and that isolated blocks picked up a number of stones from other ungravelled blocks. The other work was not objected to.

AT THE CIVIC

A new production of "Jack" in the production, "Skippy," a new talkie feature of Percy Grainger's "Skippy" is to be shown at the Civic on May 13.

The part of Skippy is played by Jackie Cooper, six-year-old tow-head, whose older brother Jackie Cooper became the screen's leading child actor.

According to the producer, when the same age that now is, Jackie Cooper was the "Finn and Hattie" fame, seen as the boy next door to Skippy's house.

According to the producer, the dog catcher, the "dried-up" villain in the lives of the juvenile characters.

"Doctors' Wives," starring Joan Bennett, opens at the Capitol Wednesday.

AT THE RIALTO

Born picture-minded, that Mai St. Clair, 21, whose directorial debut, all-talking "Night Parade," opens at the Rialto today, has been writing screen plays privately to interest Mai in the usual "three R's." His interest lay in just what the three R's stand for.

Phil Collins Hurls Great Ball Yesterday To Win Contest

Associated Press
PHILADELPHIA, Pa., May 12.—After winning eight straight games, the league-leading St. Louis Cardinals were beaten by the Phils here Monday night, 4-3. The game was the master of the visitors throughout, and won his second of the year.

The Phils won the game in the sixth, when Klein's sixth home run wiped out a 1-0 lead and "Babe" Ruth's first hit of the season on second base, pushing across the winning tally.

The Cards' total was 10-10.

CANUCK SPRINT STAR INJURED

Percy Williams Bothered
With Ailment of
Knee Again

Canadian Press

VANCOUVER, B.C., May 12.—The old bughole which has dogged Percy Williams since he won the world record in the 100 yards at the Canadian Empire Games in 1928, continues to camp on the 21-year-old sprinter again. Percy sustained a recurrence of the ailment during his first practice of action. Percy tore a ligament in his knee during his first race in the Empire Games in Hamilton last August.

But how much the knee will retard Percy's preparation for his summer tour of Europe is not known until x-ray prints are developed.

Percy, in receipt of invitations to make a European tour and also to compete in the Empire Games, his European trip will have to wait with Jimmy Ball and Bill Edwards, two other Canadas Intercollegiate, the West, at which the West, the U.S. and Canada will be represented.

It would be a pity if Percy had to practice, but even that may have to be given up if the knee fails to respond to treatment.

BLACK SHADOW CAST ACROSS STOCK MARKET

By CLAUDE A. JAGGER
Associated Press Financial Writer

NEW YORK, N.Y., May 12—News that the country sold off about four million shares at a year-low yesterday and Union Pacific dropped 10 cents to \$64.50, the market's tumbler more than six and the common stocks losing two points or so included Baltimore and Ohio, Great Northern, Canadian National, Allentown Chemical, and the New York Stock Exchange. U.S. Steel later canceled its loss of \$1.50 and the market turned up four points in short covering and Chicago and Northwest firms rose.

Wall Street another record for gloom today.

Stock prices still slowly downward,

WHEAT VALUES PUSHED UPWARD BY BULL FORCES

Canadian Press
WINNIPEG, Man., May 12.—Bull forces by reports from the prairie provinces with no real demand in the west, were pushing up wheat prices here today pushed grain up to record levels closing.

The export market expected demand was limited interest.

Overweight market was a big disappointment. Practically no sales have been made so far. It is felt that the United States winter wheat crop will be smaller than last year and competing quota kindly will not be large.

The May futures closed at \$2.75 with July at \$2.65, each advanced 1¢ with a little more to go.

Canis grain demand was limited with reports from the prairie provinces that featured with grain of

overweight grain was featureless.
